

Hassan Ali

Applied Machine Learning

📍 National Textile University, Faisalabad.
☎ +92 3095436018
✉ hassanali93r@gmail.com
🌐 [linkedin.com/in/hasanali09](https://www.linkedin.com/in/hasanali09)

Technical Skills

Programming Python (numpy, pandas, scikit-learn), Deep Learning Frameworks (PyTorch, TensorFlow), , C++
Bash, Git, Docker, Open Source.

Education

Bachelor of Artificial Intelligence

Current semester: 4th semester

▣ Relevant Coursework: Introduction to Artificial Intelligence, Data Structures and Algorithms, Linear Algebra, Probability and Statistics, Python Programming.

Work Experience

Machine Learning

- **Key Skills:** Natural Language Processing, Large Language Models, Co
- **Algorithms:** Linear Regression, Logistic Regression, Decision Trees, Random Forest ,K-Nearest Neighbors (KNN) , Naïve Bayes

Course Project – Handwritten Digit Recognition

- **Project Title:** Handwritten Digit Recognition with Neural network
- **Description:**
 - Developed a convolutional neural network (CNN) model using TensorFlow to classify handwritten digits from the MNIST dataset.
 - Trained and evaluated the model, achieving 95% accuracy on the test set.
- **Technologies Used:** Python, TensorFlow, Keras, NumPy
- **Skills Demonstrated:** Deep Learning, CNNs, Data Preprocessing, Model Training, Model Evaluation
- <https://github.com/Rival5555>

Data Science

- **Key Skills:** Information Extraction, Feature Engineering & selection, Data Cleaning, Data Preprocessing.
Data visualization,

Professional Skills

communication Confident in presenting project ideas and results to peers, leadership, and stakeholders Mentoring and coaching research interns and junior team members

Writing Proficient in academic writing and providing guidance to early-stage researchers in their writing
Experienced in leading R&D proposals and producing technical reports on milestone deliveries

Project Management Capable tech lead for research projects and trusted in cross-functional team collaboration
Knowledgeable in the principles of Agile development and skilled working in Scrum teams

LANGUAGES URDU (native), English (bilingual).
